

Transition to Practice Nursing Opportunities Available

Our Nurse Residency Program at Baptist Health Paducah is designed to transition new graduates from student to competent professional nurses with tools and skills needed to provide safe, quality care. The program provides support and education from experienced mentors in the field and enables participants to grow their knowledge, confidence, leadership and critical -thinking skills.

THIS YEARLONG PROGRAM INCLUDES

- Monthly learning sessions covering topics such as communication techniques, patient safety, quality, and a variety of other skills-based and patient care competencies
- Group discussions
- Transition support from peers and program leaders

New RN Graduates Positions in telemetry/cardiac, ortho/neuro

We urge you to apply now by clicking the link below:
