### Visiting Hours

Visitors can be good medicine for patients. Family members and friends are welcome to visit. However, since patient care is our primary concern, specific visiting hours and regulations have been established as follows for patient rooms, with exceptions in the Emergency and Maternal-Child departments.

- Children under 12 are NOT encouraged to visit.
- All visitors must wash their hands with soap and water before entering and use the hand sanitizer when entering and leaving the room.
- You should not visit the hospital if you are sick. All visitors should be without fever and contagious infections, such as cold or flu, coughs, sore throat, runny nose, nausea, vomiting, diarrhea or upset stomach.
- Visitors may be asked to leave the room when care or treatment is required.
- For safety reasons, no lounge chairs, cots, mattresses or similar items may be brought into the hospital.
- For the well-being of the patient, we encourage visitors to maintain a quiet environment and keep visits brief.

### Calling Patient Rooms

Family members and friends may call a patient's room directly by dialing 270.575.2XXX (the patient's three-digit room number). Calls to patient rooms are not accepted from 9:30 p.m. to 7 a.m. to make sure our patients get adequate rest. Patients may make outgoing calls at any hour.

### Chaplains and Chapel

Chaplains are available for counseling and spiritual support for hospital patients and families. To request a chaplain visit, phone 270.575.2176 or ask a nurse to contact one for you. The Chapel is located on the first floor across from the Gift Shop and is open 24 hours a day for prayer and meditation.

- Visitors may stay overnight with a patient. Please let the Charge Nurse know if you are spending the night. In semi-private rooms, a visitor of the opposite sex will be allowed to stay overnight only if the patient's roommate consents. We ask visitors to respect the roommate's privacy and leave the room when asked.
- The needs of the patient come first, sometimes requiring an exception. Speak to your nurse if you have questions or special needs.

### Emergency Department

Only two visitors per patient are allowed in the Emergency department. The attending physician or charge nurse may, in some cases, waive this restriction.

### Maternal-Child Department

Visitation is at the discretion of the caregiver or by physician order and is determined by what is in the patient's interest.

### Cafeteria

Baptist Health Paducah's cafeteria serves nutritious meals three times a day. Visitors are welcome to eat in the cafeteria. For menu information, phone extension 3463.
